

CINTA Stencils

CINTA has created these fun stencils for you to use with the Colour Sprays of your choice. Great for parties, fundraisers, fetes and lots more. Let your imagination run wild!

How to use: Print this stencil out on your printer and cut out the image. (Ask your mum or dad to help with the cutting out of the image. Do not use scissors without their permission first). Place stencil over desired hair area and spray! **HINT:** Try spraying your hair with the white spray first and then a colour to highlight your design and the stencil. If the paper is not strong enough, try sticking printed paper onto a cardboard and cut image out of cardboard.

Do you have a good idea of what would be a fun spray to add to the stencil collection? Email us at info@richfordcinta.com.au and tell us what your favourite stencil is and have your idea created!
